

## LICENSE WITH SABIS®

Thank you for your interest in licensing with SABIS®. The licensing program at SABIS® grants the licensed schools the right to use the SABIS® Educational System and other SABIS® intellectual property within the school's own management structure and philosophy. By licensing with SABIS®, your school will a "Powered by SABIS®" school and will be listed as a member of the SABIS® school network.

### As a SABIS® licensee you can benefit from:

#### International Accreditation

SABIS® has corporate accreditation by Accreditation International (Ai), a global accrediting body that seeks to enhance the educational dynamics of the 21<sup>st</sup> century and increase effective student outcomes. Corporate accreditation from Ai opens the door for all SABIS® Network schools to pursue and maintain accreditation. Already members of a strong, successful network of schools, SABIS® Network schools that are accredited by Ai can enjoy the benefits of international recognition of school quality, accountability, and validation of the presence of an effective, continuous improvement process.

#### International, K-12 curriculum

The backbone of the SABIS® Educational System is a rigorous and sequential curriculum that meets world-class standards. Supported by time-tested methods, this curriculum emphasizes a well-balanced body of knowledge, skills, and experiences.

#### SABIS® Book Series

The SABIS® Book Series includes over 2,500 titles for classes in Kindergarten through High School in all core subjects ranging from English and Spanish to math, social studies, and art. SABIS® books enable students to develop a solid academic foundation. The SABIS® Book series is the foundation of the SABIS® curriculum and essential to the learning process.

#### SABIS® Point System™

The SABIS® Point System™ is an instructional approach which integrates teacher-led instruction with individual student practice and group work. SABIS® books facilitate the implementation of the curriculum and the use of the SABIS® Point System™, which makes the learning process effective for everybody involved.

#### SABIS® Testing System

SABIS® has a testing system that ensures students have grasped all the concepts taught through continuous assessments. Through our SABIS® Integrated Testing and Learning™ (ITL®) program, you will benefit from access to an extensive database of exam questions that are specifically

*Education for a changing world.®*

designed to ensure that actual learning is actually taking place and no gaps are allowed to form in students' knowledge.

### **SABIS® Technology in the Classroom**

SABIS® has a long-standing commitment to research and development of new technologies that enhance the learning experience and prepare students for future success. Technology tools currently integrated in SABIS® classrooms include E-books, interactive whiteboards (IWBs), Smart TVs, and accompanying lessons, tablets, and computerized examination halls. The SABIS® Interactive Learning System also allows teachers to monitor students learning and progress through tablets.

### **SABIS Student Life Organization®**

The SABIS Students Life Organization® (SLO®) is a student-led society that empowers students to hold responsibility for many aspects of their life at school. The SLO® is a vital component of the SABIS® Educational System that encourages students to take charge of a variety of academic and non-academic activities at school. This includes tutoring other students, planning athletic activities, planning social events, organizing community service projects, and being involved in the school newspaper and school yearbook.

### **Induction & Ongoing Training and Support**

SABIS® provides training and talent development programs to school administrators, teachers, and corporate staff through the SABIS® Professional Development Institute (SPDI). In doing so, we help employees acquire and refine new skills that will benefit them in their job and improve their career prospects within the organization. School teachers and staff have access to traditional, live training as well as virtual courses made available through the SPDI-Virtual Learning Environment (SPDI-VLE).

### **Access to Education Experts**

For over 130 years, SABIS® has been educating students around the world in both the public and private sector and providing them with a top-quality education that prepares them to meet the challenges for a changing world. Today, SABIS® has a global presence in 20 countries on five continents and educate over 70,000 students.

### **Regular Audit & Support Visits**

Regular audit and support visits help ensure that SABIS® schools and students are achieving their full potential. During these visits, field professionals from SABIS® HQ or the associated Regional Centers visit the school and ensure the correct implementation of the SABIS® Educational System.

**By licensing with SABIS®, your school will have access to the licensed SABIS® Educational System™ , teams of experts in the field of education, professional training for your teachers**

and staff, as well as on-site visits tailored to improve your school and your students' success.
